

# A brief introduction to IRAS16293-2422

Adam Avison

*This presentation has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 730562 [RadioNet]*

# IRAS 16293-2422

Class 0 proto-binary system in Ophiuchus.

160pc from Earth.

Sources 'A' and 'B' separated by ~5"

Rich in molecular line emission and radio to mm/submm continuum emission

'A' resolves into multiple sources at subarcsec resolutions

Known to exhibit pre-biotic molecules.
